

Enrolling your Pre-K through 12th grade student in USD 369:

► New Families

New-to-the-district families should enroll their Pre-K through 12 grade student using the [New Family Online Registration Portal](#).*

For assistance, please contact the school for enrollment information.

**Families who have not previously enrolled a student for Pre-K through 12th grade in Burrton Schools are considered new. If families have not had a student enrolled at anytime in the prior school year, they are considered new.*

► Existing/Returning families

Returning families can access the enrollment application online through their [Parent Portal](#) anytime *during the enrollment period for 2022-2023 year.*

Parents of returning students who need to enroll a new student for any grade level can follow the instructions available in the online application process to add their new student. ***After logging into Infinite Campus, scroll down to the word “More” on the left side all the way at the bottom, click on that, then click on online registration.***

For assistance with accessing your portal, please contact your student’s school or visit the Infinite Campus Portal page for more information.

► Payment Information

Payments for 2022-2023 fees ***cannot be submitted or paid before August 1, 2022.***

Requirements for School Entry

Immunization Requirements for School Entry

Proof of receiving the immunizations must be provided to the school prior to attending the first day of school.

2022-2023 Requirements

- [2022-2023 Immunization Requirements KDHE \(PDF\)](#)

All required/recommended vaccines can reduce the disease burden in school-aged children, thus helping to assure that students will be in school ready to learn.

Completely immunized school-aged children are vital in protecting other more vulnerable populations from the devastating effects of the diseases that immunizations can prevent.

Health Assessment

Kansas law requires that all students, eight and under, who are enrolling in a Kansas school for the first time present health assessment information. The assessment needs to have been conducted within the last 12 months before school entry.

[Kan Be Healthy - Assessment Form – English & Spanish](#)

Immunizations and health assessments are available at the Harvey County Health Department by appointment throughout the year. Appointments can be made by calling 283-1637. Upon request, services will be offered on a sliding fee schedule based on income and number of persons in the family.
