Superintendent  
Elementary Principal

Dear Charger Family,

Last evening, towards the end of the high school boys' basketball game, a 9mm clip of ammunition was found under the visitor bleachers. Due to staffing issues, the underneath of the bleachers has not been cleaned since winter break. We have no way of knowing how long this clip may have been under the bleachers. We have discussed this incident with Fairfield administration.

The ammunition has been turned over to the police and there is an open case on this incident. We have no reason to believe that there is any immediate threat to students or staff in our building.

The safety of our students, staff, and visitors is our first priority. We will be reevaluating our safety protocols and be looking at ways to keep our community safe at future sporting events.

If you have any questions or concerns, please contact me.

Respectfully,

A handwritten signature in blue ink that reads "Joan E. Simoneau". The signature is fluid and cursive, with the first name "Joan" being particularly prominent.
